Match the Clue

Write one answer per question. Give this sheet to each player or team.

Name or team _____ Score _____

11. Match this clue to a gift-wrapping tool: it joins two seams without a knot.

12. Match this clue to a decoration: it spreads across an entire banister like a festive rope.

13. Match this clue to a holiday instrument: it has a handle and can sound a single note at a time.

14. Match this clue to an outdoor winter activity: participants race downhill on runners.

15. Match this clue to a meal item: bright red, slightly tart, and eaten beside the roast.

16. Name the spiced cookies traditionally cut in the shape of people and decorated with icing.

17. Match this clue to a greeting card: lines written on the inside are often called this.

18. Which winter shape is often made by cutting patterns into folded paper and opening it flat?

19. What is a Christmas celebration called when people sing carols together by candlelight?

20. Match this clue to a UK Christmas table: pull both ends, hear a pop, then read a joke.

One-Page Spare Round

Write one answer per question. Give this sheet to each player or team.

Name or team _____ Score _____

21. If a cook has three dozen shortbread biscuits, how many biscuits does the cook have?

22. There are eight places at a table. If five chairs are occupied, how many are empty?

23. How many days elapse from midnight at the start of December 20 to midnight at the start of December 25?

24. A host puts four name cards on each of three tables. How many name cards are needed?

25. A box contains two red ribbons and six green ribbons. How many ribbons are there?

26. A dozen paper stars are shared equally among three teams. How many stars does each team get?

27. Two groups score seven and nine points. What is their combined score?

28. A 12-question quiz lasts 30 seconds per question. How many minutes of answering time are there?

29. A player uses all but three of eleven stickers. How many stickers were used?

30. A quiz host sets out 18 pencils for three teams. How many pencils go to each team if shared equally?
